### SKILLS:

- HTML5 and CSS3
- JavaScript (ES6+)
- React.js
- Responsive Web Design
- Version Control (Git)
- Frontend Frameworks (Bootstrap)
- Web Performance Optimization
- Cross-browser Compatibility
- Web Accessibility (WCAG)
- Debugging and Troubleshooting

### WORK EXPERIENCE:

Freelance Frontend Developer

Remote

- Successfully completed freelance projects, developing responsive and user-friendly web applications using HTML, CSS, JavaScript, and React.
- Collaborated with clients to understand project requirements, provide project estimates, and deliver high-quality solutions within deadlines.
- Demonstrated strong problem-solving skills by identifying and resolving issues in existing websites to enhance performance and user experience.

### Google Developer Student Clubs (GDSC) Co-Lead

Cooperative University

Location, Nairobi

- Co-lead of the GDSC at Cooperative University, organizing and leading tech-related events and workshops.
- Collaborate with fellow students to create a vibrant tech community on campus, fostering learning and innovation.
- Plan and execute events that focus on web development, mobile app development, and emerging technologies.
- Promote and support student-led projects and initiatives related to technology and entrepreneurship.

### **Web Development Lead, GDSC**

Cooperative University

- Lead the web development team within GDSC, overseeing the planning and execution of web-related projects and initiatives.
- Organize web development workshops and training sessions for students to enhance their web development skills and promote learning within the club.

### **PROJECTS:**

Coedlib

Ongoing

- Description: Ongoing project aimed at making books easily accessible for campus students. Sole developer and maintainer of the project, responsible for its design, development, and ongoing improvements.

- GitHub Repository: <https://github.com/capwell-murimi/coedlib1.0>
